

Cotton Quarterly

The Cotton Quarterly which is funded by the Parish Council is one the main ways of communicating events within the village, with every household in Cotton receiving a copy.

In the last year I have had a lot more contributions from people in the village who want to tell their story. This is great, and more would be greatly received.

The Cotton Quarterly is there for all to use. Contributions are welcome. It will be great to promote your event, tell your story or print your thoughts. The only thing the Quarterly does not do is advertise businesses.

Also, photographers from events and around the village are always greatly received to use.

Kirsty Pollintine Editor of the Cotton Quarterly
