

FREE CAT MARKING

BY STOWMARKET SNT

Truck East (Scania) has kindly offered their garage and services to the police for the benefit of the community.

What is CAT Marking?

Catalytic Converters are part of the exhaust system of a vehicle. The police offer these free CAT Marking Events as an attempt to reduce the likelihood of CAT thefts.

The CAT will be marked with a permanent sticker and marking fluid which provides a unique tracking number, as shown below, using technology from a firm called Retainagroup.

You will also be provided with two stickers that you can display in your window to show that your CAT is marked.

Where?

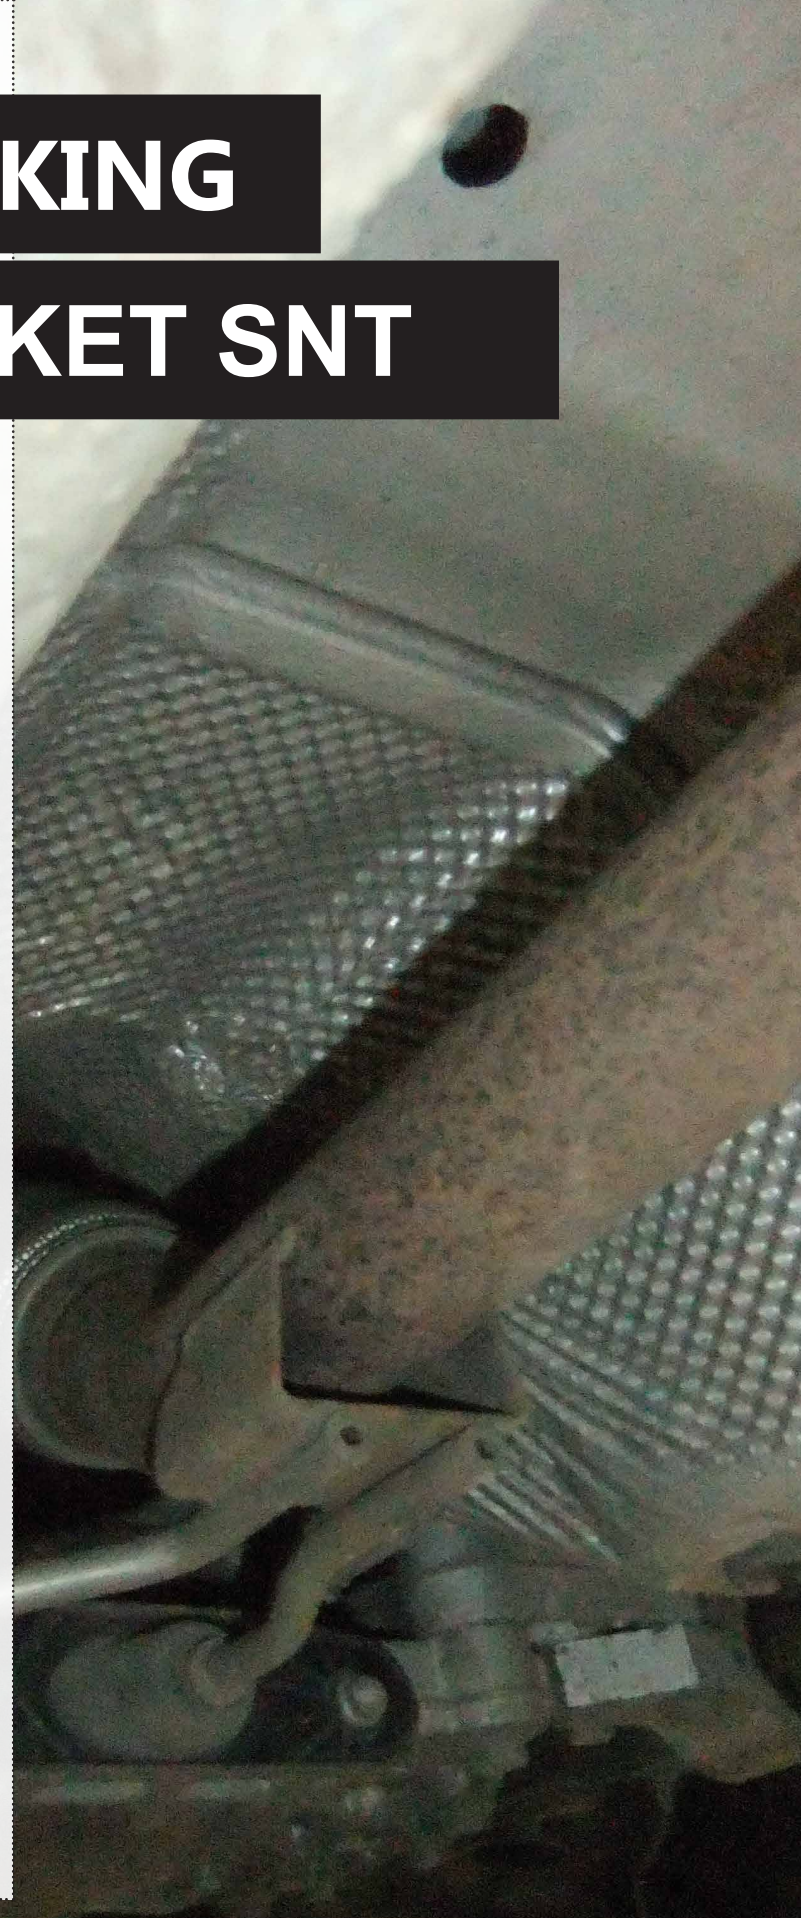

Truck East (Scania)
Violet Hill Road
Stowmarket
IP14 1NN
